A: Projects are funded in two tranches, 70% upfront once SLA signed and relevant documentation returned and 30% will be provided at completion of project.

Q: We are a recently established/small organisation and don't have audited accounts/PPN Registration or Tax Clearance Number. Will this be a problem when applying at phase 2?

A: Smaller organisations may not have a requirement to produce audited accounts. If this is the case for your organisation you should explain this and provide a record of recent financial records (e.g., income and expenditure for the previous year). You should apply for a tax clearance number and register with the PPN –see the guidance and Terms & Conditions Document for help on this.
