Is i méadair a thugtar airde de réir line thagra na Suirbhéireachta Ordanáis, is é sin, meánleibhéal na mara ag Clann Mhárma, Contae Dhún na nGall (Geartú 1970).
Altitudes are given in Metres and are referred to Ordnance Survey Datum, which is Mean Sea Level at Malin Head, Co. Donegal (1970 Adjustment).

Altitudes indicated thus (BM + 54.76) refer to Bench Marks, those marked thus (+ 34.2) to Surface Levels.

Ní hionann bóthar, bóthair nó cosán a bheith ar an léarscáil seo agus fianaise ar neasl dí.

The Representation on this Map of a Road/Track or Footpath is not evidence of the existence of a right of way.

Suirbhéireacht/Surveyed 1986 Leibhéalaíocht/Levelled 1986

THE NATIONAL GRID

The Grid is divided into lettered major squares- see diagram. The numbered ticks on the Plan margin are at 100 metre intervals. If lines are drawn connecting similar values on North and South and on East and West margins, small squares are formed. To give a grid reference correct to 10 metres, take Letter to indicate major square in which the point lies. Then read the value of West side of the small square on South or North margin- N 743
Estimate tens of metres from this line to the point and add to previous figure- N 7430. This is the Easting co-ordinate, ALWAYS GIVEN FIRST. The Northing co-ordinate is obtained similarly by reading value of the South of the point on the East or West margin and adding the estimated tens of metres.

Full reference N 74301421 38 Shannon Vale

This plan lies completely in the major square N
