

Groundwater Trial Pit Inspection

Site: Church of Saint John Graveyard, Battery Road, Abbeycartron, Longford Town
Date of Test: Friday 16th June 2023
Trial Pit Dimensions: 2500mm+ (deep), 900mm (wide) 1200mm (long)

Proposed Development:

Proposed 160 square metre burial ground extension adjoining to the east of the existing Church of Saint John Graveyard, Battery Road, Abbeycartron, Longford Town. The area relating to the works proposed was previously granted planning permission for residential use under reference 00/700044. The proposed development relates to works to Record of Protected Structure (RPS) No. 14 and 18 of the current CDP 2021 – 2027.

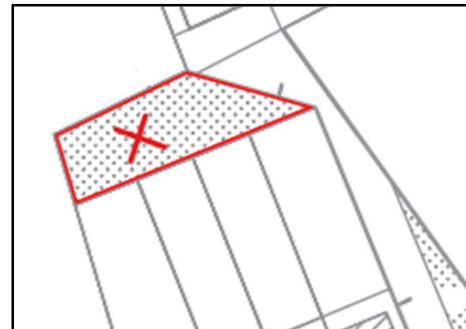

Fig. 1. (Right) Marked X at test pit location within proposed burial ground extension site.

Fig. 2 & 3. (Above) A trial pit depth of >2.5m was achieved with no evidence of groundwater at depth.
