

Pedestrian and Cycle Improvement Scheme on the R392 between St. Matthew's National School and Moygh Road Junction, Ballymahon Co. Longford

Part 8 Project Description and Overview

Longford County Council
January 2025

View on R392, St. Matthew's school in direction of Lanesboro

The proposed development will consist of:

The aim of this project is to improve pedestrian and cycling infrastructure within Ballymahon, Co. Longford. This project will include:

- Segregated pedestrian and cycle facilities for approximately 350m along the R392 between Saint Matthews National School and Moygh Road Junction (L1128).
- Widening of existing footpaths
- Realignment and narrowing of carriageway, junction tightening works and provision of 2 no. raised pedestrian crossing along the R392.
- The works will also include the construction of a new boundary wall, additional signage and road markings
- All other associated site works
