

Applications received from 16th May 2017, where an E.I.A.R. / N.I.S. was submitted							
FILE NUMBER	APPLICANTS NAME	RECEIVED DATE	STATUS	DECISION	DECISION DATE	ARTICLE NUMBER	DEVELOPMENT DESCRIPTION & LOCATION
17/216	DOS Brady Farms Ltd	17/08/2017	Withdrawn		05/10/2017	172	Permission for the construction of 1 no. pig house with slatted floor and slurry tank underneath (960sq/m), an extension to existing pig house with slatted floor and tank underneath (305sq/m) and to include all ancillary site works. An Environmental Impact Assessment Report (EIA), formerly EIS) has been prepared in respect of the activity and is submitted with the application. The application relates to development that is for the purposes of an activity requiring an Industrial Emissions Licence (formerly known as an Integrated Pollution Prevention and Control Licence) at Ballyglassin, Corry, Carrickboy, Co Longford
17/267	DOS Brady Farms Ltd	19/10/2017	Application Finalised	Refused	30/04/2018	172	Permission for the construction of 1 no. pig house with slatted floor and slurry tank underneath (960sq/m), an extension to existing pig house with slatted floor and tank underneath (305sq/m) and to include all ancillary site works. An Environmental Impact Assessment Report (EIA, formerly EIS) has been prepared in respect of the activity and is submitted with the application. The application relates to development that is for the purposes of an activity requiring an industrial emissions licence (formerly known as an integrated pollution prevention and control licence) at Ballyglassin and Corry, Carrickboy, Co. Longford.
17/308	Irish Water	18/12/2017	Application Finalised	Conditional	13/02/2018	177	Permission for of additional water treatment facilities on the existing Lough Forbes WTP site and on the site to the north west of this WTP site. These facilities will operate in conjunction with the existing WTP and are considered as an extension of the plant. The development will comprise the following: 3 Nr Inlet Contact Tanks = 4.5m (h = height); Chemical Storage Tanks: 2 Nr @ = 4.5m (h), 4 Nr @ = 2.2m (h) and 2 Nr @ = 2.7m (h); Main Treatment Building = 3m (h); Pipedwork Facility = 7m(h); 4 Nr Filters = 5.5m (h); Pump House = 4.7m (h); Contact/Clearwater Tank (Partially below ground) = 5.2m (h); Backwash Tank (Partially below ground) = 5.2m (deep); Used Washwater Tank (Partially below ground) = 5.2m (deep); Washwater Clarifier = 6.2m (h). The development will also include on-site roadways, parking and hardstanding areas, landscaping, external lighting, security fencing, drainage and all associated ancillary works and infrastructure and other enabling civil works. A Natura Impact Statement (NIS) has been prepared in respect of the proposed development given its proximity to designated Lough Forbes Complex SAC (Site Code: 001818) and Ballykeny-Fisherstown Bog SPA (Site Code 004104) and the potential for significant effects at Cloonher, Newtownforbes, Co. Longford.
17/320	Electricity Supply Board (E.S.B.)	22/12/2017	Application Finalised	Conditional	22/02/2018	172	Permission for an increase in the capacity of the operational Ash Disposal Facility to allow for the deposition of 130,000 tonnes of dry ash over and above the 550,000 tonnes permitted under Longford County Council Reg. Ref. 01/115; An Bord Pleanála Reg. Ref. PL14.125540. The ash will be disposed of within engineered cells, constructed under the existing permission, and the facility will utilise permitted site services including the existing site entrance from the R202 and sewerage site infrastructure. The facility will exclusively accept ash from Lough Ree Power Station in Lanesborough (Lanesboro) and will operate until 31st December 2020. This planning application will be accompanied by an EIA Report (previously known as an EIS). Lough Ree Power Station and the associated Ash Disposal Facility, are licensed by the EPA under an Industrial Emissions (IE) Licence (Ref. P061002) at Derraghgan Beg and Derraghgan More, Co. Longford
18/139	Eirgrid Plc. c/o Stephen Dunne	28/06/2018	Application Finalised	Conditional	21/08/2018	177	Permission for development at this site - the existing Cloon to Lanesboro 110 kV Overhead Line is approximately 65 kilometres long. Approximately 37km of the existing circuit is located within the functional area of Galway County Council with approximately 27km located in County Roscommon and approximately 120 metres located in County Longford. The refurbishment works within County Longford will be undertaken at structure EM365, located within the Lanesboro Substation in the townland of Aghamore (Rathcline By). The development will consist of the refurbishment of the Cloon - Lanesboro 110 kV Overhead Line which will primarily include: replacement of a large proportion of existing structures, the breaking out and reconstruction of the concrete foundation and shear blocks at the majority of end/angle steel structures, painting of most structures, replacement of insulation, crossarms, stays and/or fittings on existing structures; and the fitting of new right diverters and stay guards. No additional structures are proposed along the existing circuit. Any replacement structures will be constructed at, or immediately adjacent to, the existing structures they will replace, and will be of a generally similar height and appearance. Associated site development works to gain access to the existing structures include clearance of vegetation, disassembly and reassembly of stone walls and gate posts and removal and reinstatement of existing fencing. The proposed development includes all other associated and ancillary site development works required for the refurbishment of the existing circuit, including the installation of temporary silt traps, silt fences, bag mats and clear span bridges. No additional structures and no alteration to the nature, extent, alignment, character or voltage of the existing electricity infrastructure is proposed. A Natura Impact Statement (NIS) forms part of this application at Aghamore (Rathcline By), Co. Longford.
19/38	Electricity Supply Board	13/02/2019	Withdrawn		11/07/2019	172	Permission for development at the existing electricity generating station - known as Lough Ree Power (LRP) station, located in the townlands of Aghamore and Lanesborough in the settlement of Lanesborough (Lanesboro), Co. Longford, Eircode N39 E180; and at an existing ash disposal facility (ADF) located in the townlands of Derraghgan More and Derraghgan Beg, Co. Longford. (Full Description scanned / attached) at Aghamore & Lanesborough Derraghgan More & Derraghgan Beg Co. Longford
19/68	Liam McKenna	13/03/2019	Application Finalised	Conditional	20/12/2019	172	Permission for to extend and upgrade a Poultry Unit within existing farmyard complex and also replace a Poultry Unit with a larger unit within the same complex, use existing agricultural entrance, together with all ancillary site works at Curnycchill Td., Ballinacree, Co. Longford
19/188	Electricity Supply Board	11/07/2019	Withdrawn		08/11/2019	172	Permission for development at the existing electricity generating station - known as Lough Ree Power (LRP) station, located in the townlands of Aghamore and Lanesborough in the settlement of Lanesborough (Lanesboro), Co. Longford, Eircode N39 E180; and at an existing ash disposal facility (ADF) located in the townlands of Derraghgan More and Derraghgan Beg, Co. Longford. (Full Description scanned / attached) at Aghamore & Lanesborough Derraghgan More & Derraghgan Beg Co. Longford
19/197	Rhynne Rock Ltd.	22/07/2019	Application Finalised	Conditional	02/07/2020	172	Permission for development consisting of a total area of 26.3 Hectares comprising of the following: quarrying consisting of blasting, crushing, screening & washing of material and all associated site works on an area of 9.8 Hectares previously granted planning permission Ref No. PL04/673 and an additional 12.8 Hectares of greenfield area: Permission for the relocation of the authorised concrete batching plant and construction of a block yard facility and settlement lagoon with an area of 3.7 Hectares; Permission for erection of a shed processing plant; Landscaping of the quarry during the operational phase and restoration of the quarry on completion of extraction; All associated ancillary facilities/works; The applicant is seeking a 40 year permission as part of the application; the application is accompanied by an Environmental Impact Assessment Report (EIA) at Lettergullion & Lettergeeragh, Drumlish, Co. Longford
19/222	Ballykeny Solar Ltd	02/09/2019	Application Finalised	Conditional	24/10/2019	177	Permission for a 25 year permission for a solar farm up to 19 Ha with an export capacity of approximately 30MW comprising of photovoltaic panels on ground mounted steel frames, a single storey 200sqm changing, customer room, canteen, storage container, HV switch, switch gear housing and 6 no. meter transformer enclosures, ducting and electrical cabling, perimeter fencing, mounted CCTV cameras, new internal access tracks and associated drainage infrastructure and all associated site works at Ballykeny, Co. Longford. Please Note: this site is adjacent to the existing ESB Richmond Electricity Substation. A Natura Impact Statement will be submitted to the planning authority with the planning application. The Natura Impact Statement will be available for inspection or purchase at a fee not exceeding the reasonable cost of making a copy, during office hours at the offices of the Planning Authority at Ballykeny, Co. Longford
20/9	Waterways Ireland	23/01/2020	Application Finalised	Conditional	10/03/2020	177	Permission for proposed development consisting of the installation of a new 54m long floating moorings, including 5m of lower freeboard for small boats and canoe access, access gangway connecting mooring to land, car parking area for 8rv vehicles and associated amenity area. A Natura Impact Statement and Ecological Impact Assessment has also been prepared in respect of the proposed development and included in the application at Red Bridge Barnacore Ballymahon Co. Longford
20/102	Irish Water	30/04/2020	Application Finalised	Conditional	08/07/2020	177	Permission for the construction of 1 no. pump house building; 1 no. dissolved air flotation (DAF) building extension; 2 no. above ground tanks; 2 no. above ground tanks; 2 no. below ground tanks; and all associated ancillary development works, including the installation of 1 no. davit crane, and stairs and platform between chemical tanks, and temporary development works. A Natura Impact Statement has been prepared in respect of this planning application - Covid 19) at Lough Forbes Water Treatment Plant Cloonher Newtownforbes Co Longford
21/178	Ray Walsh	10/06/2021	Application Finalised	Conditional	23/07/2021	177	Permission for extension and alterations to existing cottage together with associated adjustments to site finishes and drainage. The application includes a Natural Impact Statement at Barley Harbour, Newtowncashel, Co Longford
22/75	Electricity Supply Board	01/04/2022	Application Finalised	Conditional	08/12/2022	172	Permission for development at the 13.1 Ha site known as Lough Ree Power (LRP) station located in Lanesborough (Lanesboro), in the townlands of Aghamore and Lanesborough, Eircode N39 E180, in County Longford. The development will consist of the demolition of the existing LRP station (as approved under Longford County Council reg. ref 02/115 'An Bord Pleanála Ref. PL14.125440 and all subsequent permission(s)) and the development and operation of electricity grid services - namely a battery energy storage system (BESS) and a Synchronous Condenser (Sync Con). The proposed development comprises two distinct phases of activity - the initial demolition and site reinstatement (Phase 1); following by construction and operation of the new BESS and Sync Con (phase 2). Phase 1 comprises the demolition of existing site structures (with a total footprint of c. 11.195sq.m. and a total gross floor area of c. 20,000 sq.m) including the former LRP station (Boiler house, turbine house, bag filter house and associated 80 m high stack), the intermediate post storage building and associated fuel management system; and ancillary buildings including, electrical building, tippler building and associated control room and office, the screening building, lorry unloading building, water treatment plant building, offices building, laboratory building, workshop and maintenance buildings, oil pump house, electrics rooms, railway/locomotive service building, cooling water pump house and sewage/foul water treatment facility. All buildings and structures (including storage tanks and vessels) will be demolished to ground level, with below ground voids filled. Existing hard standing surfaces (e.g. building ground floor concrete slabs, tarmac/adam surfaces, concrete footpaths and road kerbs) will remain in situ, and the site will be reinstated and secured with boundary gates and fences, etc. Associated with the demolition activity there will be on-site crushing of material using mobile machinery for the purposes of disposal and/or material re-use. Phase 2 comprises the proposed development of the BESS, Sync Con; and all associated development (Full description scanned/attached) at Aghamore And Lanesborough, Co Longford
22/92	Hau Yan Lee	21/04/2022	Deemed Withdrawn		19/12/2022	177	Permission for 1) development consisting of the construction of a holiday park with 99 No. static mobile homes, 2) an area for touring pitches and casual camping spaces, with a static mobile welfare unit, 3) reception hut adjacent to the existing entrance, 4) playground and separate grass play area, 5) extend the existing waste treatment system, 6) use existing entrance onto public road, 7) new well to supply potable water and 8) all ancillary site services. Newcastle House and its environs is a protected structure (Protected Structure No. 47-53, Newcastle Demense, Newcastle County House, Demense) 3) Newcastle House Newcastle Woods Ballymahon Co. Longford
22/189	Center Parcs Ireland Limited	05/08/2022	Application Finalised	Conditional	27/09/2022	172	Permission for extension to the existing development within the existing 160 hectare Centre Parcs Longford Forest Holiday Village. The development will consist of: i) 198 no. new lodges located in 3 no. zones (comprising of 56 no. 2 bedroom lodges, 105 no. 3 bedroom lodges, 32 no. 4 bedroom lodges, 1 no. 5 bedroom lodge, 4 no. 6 bedroom lodges); ii) External sauna/pods associated with specific lodges (125m2); iii) coffee shop (225m2); iv) leisure restaurant (900m2); v) energy centre (225m2); vi) staff welfare and storage building (651m2); vii) 2 no. remote housekeeping stores (25m2 each); viii) extensions and alterations to existing commercial retail and leisure buildings, including: a) extension to housekeeping/technical services (HKTs) building (157m2) to provide increased storage, b) extension to existing Aqua Sauna spa facility (453m2) to include new treatment rooms and treetop sauna, c) extension to existing Sub-Tropical Swimming Paradise (STSP) including a new pool (875m2); d) extension to existing Sports Hall (735m2); e) extensions to existing Village Centre restaurants: a) Buck restaurant (128m2); b) Cara's restaurant (105m2); c) Sports Café restaurant (104m2) and d) Bella Italia restaurant (222m2) - internal extension only; v) installation of Solar PV on the roof of the existing Sports Hall and Sports Café building and on the roof of the proposed Sports Hall extension; vi) installation of District Heating System within the site; vii) upgrades to existing Wastewater Treatment Plant and associated infrastructure; viii) new car park to provide 313 no. car parking spaces for staff; ix) provision of electrical vehicle charging points; x) provision of new cycle parking within the site; xvi) associated civil infrastructure works including all internal roads, hardstanding and all foul and surface water drainage works; xvii) creation of landscape screening bunds; xviii) erection of security perimeter fencing; xix) all new landscaping and hard landscaping; xx) all ancillary and associated site works at Longford Forest Newcastle Road Newcastle Ballymahon Co. Longford
22/225	Electricity Supply Board Networks DAC	21/09/2022	Application Finalised	Conditional	10/11/2022	177	Permission for an integrated constructed wetland (ICW) over a total area of 5.58 ha located within the existing LRP ADF site, including formation of wetland cells, associated works and access roads using onsite soils. The development will include landscaping both within the wetland cells and surrounding area. The purpose of the ICW is for the management and treatment of leachate arising from the ADF, which is planned as part of their closure, restoration and aftercare management plan. Any discharge waters following treatment through the ICW will flow to two open water cells for containment. LRP station and the ADF are licensed by the Environmental Protection Agency under an Industrial Emissions (IE) Licence (Ref. P061010). A Natura impact statement (NIS) has been prepared for the purposes of this project at Lough Ree Power (LRP) Ash Disposal facility Derraghgan More & Derraghgan Beg Ballymahon Co Longford
22/275	Harmony Solar Longford Ltd	08/12/2022	Application Finalised	Conditional	17/04/2023	177	Permission for an underground electrical cable and transformer compound which will connect permitted solar farms within the townlands of Middleton, Ballycree, Treanboy, Newtown, Ballynakill, Bunacloy to the national grid via the proposed transformer compound at Lough Ree Power Station (within the townland of Aghamore). The development will consist of the following components 1) and 2): 1) installation of 110kV/33kV Transformer (TRAF) Compound on private lands at Lough Ree Power Station, within the townland of Aghamore, with associated equipment including: cable sealing end (CS) surge arrester (SA), earth electrodes (ED) current/voltage transformer (CT/VT) house transformer (HT) circuit breaker (CB) 1 x lightning mast (LM) at approx. 8m tall, associated underground cabling connection to the existing 110kV underground cable, diesel generator, security fence, removal of portacabins, use of and realignment of the existing access road and associated works, drainage provision, temporary construction compound and also predevelopment site investigation works. 2) installation of underground 33kV of sodium voltage electrical cable with associated ducting primarily on private lands within the townlands of Kilnacarrow, Ballynakill, Cloonleek, Derraghgan, Cloonbealla, Mount Davys, Cloonboy and Aghamore. 5.77km of the route is located on private lands within 0.11km to be located on the L52652 local road and L-11623 local road. The cable installation will include the installation of 7 no. joint boxes with associated communication chambers, ancillary development and also pre-development site investigation works. The underground cable is intended to connect the permitted Middleton House Solar Farm (Planning ref: 18/135) and "Middleton House Solar Farm" Bunacloy extension (Planning Ref: 21/225) to the national grid via the proposed transformer compound at Lough Ree Power Station within the townland of Aghamore. Temporary construction compounds to facilitate the installation of the cable will be located along the underground grid connection route. Part of the proposed development site lies within the boundary of Lough Ree Power Station which is licensed by the Environmental Protection Agency under an Industrial Emissions (IE) Licence Ref. P061010-02). Permission is sought for a period of 10 years at Kilnacarrow, Ballynakill, Cloonleek, Derraghgan, Cloonbealla, Mount Davys, Cloonboy, Aghamore Lanesborough Co Longford
22/290	Raymond & Ann Brogan	16/12/2022	Application Finalised	Conditional	23/03/2023	177	Permission for the provision of the following: 1. Provision of 10 No. prefabricated glamping pods. 2. Conversion of existing shed to communal toilet facility, universal access toilet & shower room, with kitchen, diner, laundry & drying room at ground level with the provision of first floor to existing shed for games room overhead. 3. Provision of 13 No. car parking bays. 4. Provision of 16 No. beds, bedrooms, showers, kitchen, laundry & drying room at ground level with the provision of first floor to existing shed for games room overhead. 5. Provision of service road and footpaths including alterations to the existing vehicle entrance on to the local road L1162 and provision of a pedestrian entrance via existing entrance gate way on to canal path, including all associated ancillary works at Giebe Cloonlara Co Longford
23/7	Blessington Stone & Concrete Plant Hire - Rhynne Rock	19/01/2023	Incompleted Application		13/03/2023	172	Permission for the development of a total area of 18.6 hectares and comprises of the following: (1) Extraction of rock by blasting means down to a level of 20mOD from an area of approximately 14.2 Hectares. (2) Erection of a concrete batching plant, processing plant, block yard, storage sheds, workshop, office buildings, weighbridge, wheelwash, settlement lagoon and all other associated ancillary facilities at the proposed manufacturing area of approximately 2.1 Hectares. (3) Landscaping consisting of planted Berwind surrounded (1.6 Hectares). (4) Entrance and access road from the public road to the manufacturing area (2 Hectares). (5) Landscaping and restoration of the site on completion of extractions. The planning permission is for a 25-year period at Rhynne Kilroe Co Longford

23/5	C&D Foods Group	15/03/2023	Application Finalised	Conditional	05/05/2023	177	Permission for the following: 1. Proposed demolition of existing uftcan building (1517m2) which consists of a single storey pitched roof production facility. 2. Proposed demolition of existing standstone toilet block (15m2) pitched roof building. 3. Proposed construction of new pouch plant extension consisting of new ground floor production facilities 1439m2 connected to existing production floor area and new first floor extension 1474m2 connected to existing first floor area. Total production floor area proposed = 1786m2. 4. Proposed construction of two number standstone flat roof electrical switchroom buildings (28m2 + 14m2). 5. Realignment of access road around new extension. 6. Proposed construction of new parking areas including provision of parking bays, electrical vehicle charging facilities and designated accessible parking bays together with new bicycle storage facility. 7. New 1.8m high boundary fence along western site boundary including gates and enclosure to new yard area in front of new extension. 8. Diversion of existing underground and overground services including provision of new pipework to support overhead process pipework above new access road. 9. Provision of new underground services necessary connected to existing services within the site together with all associated site works at Timmyarr Longford Road Edgeworthstown Co. Longford
23/60012	Patrick and Martin Connaughton	20/04/2023	Application Finalised	Conditional	31/07/2023	177	Permission for (1) demolish existing milking parlour and storage shed building, (2) construct agricultural shed to incorporate milking parlour area, dairy, plant room, ancillary storage, drafting / cow dispersal area and external underground slatted washings storage tank, (3) complete all ancillary site works and associated site structures at Cullinagh Newmarketable County Longford N29/29
23/60023	Lagan Materials Ltd t/a Bredon Ireland	10/05/2023	Application Finalised	Conditional	01/02/2024	172	Permission for extraction of rock over an area of c.3.8ha comprising a laterally sloatherly extension to, and deepening of the existing quarry to a final depth of c.114mOD, the construction of internal haul roads, earthen screening bunds and storage landforms, the demolition of farm outbuildings (1:126pm), the restoration of the site to biodiversity after use primarily in the form of a waterbody, and all ancillary works within an overall application area of c.36.8ha at Aghamore Upper and Derranagaw towards Aghnacuffin Co. Longford
23/60056	EirGrid Plc	19/06/2023	Application Finalised	Conditional	11/08/2023	177	Permission for 1. Construction of a Gas Insulated Switchgear (GIS) compound measuring approximately 92.8m by 90.5m. The proposed GIS compound will be raised to a ground level of 1.2m higher than 1. Construction of a Gas Insulated Switchgear (GIS) compound measuring approximately 92.8m by 90.5m. The proposed GIS compound will be raised to a ground level of 1.2m higher than the existing ground level at the site, and will comprise: (i) GIS building with an approximate gross floor space 1624.1m2 and height of 15m (in addition, 6 no. lightning protection rods, approximately 3m in height, are located on the parapet of the GIS building); (ii) An internal access track measuring approximately 245m in length and 5m in width, 15 no. car parking spaces; underground stormwater attenuation tank; underground foul wastewater pumping station and all associated site development and landscaping works; and (iii) The substation compound will be bounded by a palisade fence 2.6m in height and further enclosed by a property fence measuring 1.4m in height. 2. The proposed development will also consist of the redevelopment of the existing AIS 110kV substation, comprising the following: (i) Decommissioning of the 110 kV AIS busbar and 110 kV primary plant within the existing 110 kV AIS substation; (ii) Modification of 8 no. existing 110 kV underground circuits which will be re-routed into the new 110 kV GIS substation; and, (iii) Construction of 3no. underground joint bays; 1 no. new gantry tower (approximate footprint of 30.2m2 and a height of 12.5m); 1 no. new Line Cable Interface Mast (approximate footprint of 12.2m2 and a height of 10.7m); removal of the existing 110 kV OHL tower and associated cable stays and conductors; and the replacement of the existing 110 kV OHL with all associated and ancillary transmission infrastructure. 3. Construction of a Distribution System Operator (DSO) compound measuring approximately 30m2; 4. Construction of a landowner access road (hardcore surfacing) of approximately 91m in length and 6m in width; and, 5. All ancillary site development works to facilitate the proposed development including geotechnical and geo-environmental ground investigations, site preparation works, site clearance and levelling, site drainage and associated outfall headwall to facilitate discharge to the River Shannon, Stormwater treatment compounds and landscaping at Existing Lanesboro Air Insulated Switchgear Substation and site of the former Lanesborough Power Station townlands of Aghamore and Lanesborough Lanesborough, County Longford
23/60063	Conor Smith	22/06/2023	Incompleted Application		22/06/2023	172	Permission for construct 1 No. poultry house together with all ancillary structures (to include meal storage bin(s) and soiled water tank(s)) and site works associated with the above development at Glenmore Aghnacuffin Co. Longord
23/60072	Conor Smith	29/06/2023	Application Finalised	Conditional	10/04/2024	172	Permission for to construct 1 No. poultry house together with all ancillary structures (to include meal storage bin(s) and soiled water tank(s)) and site works associated with the above development at Glenmore Aghnacuffin Co. Longford
23/60108	EirGrid plc	14/08/2023	Application Finalised	Conditional	25/09/2023	177	Permission for the proposed development within Co. Longford will comprise: • the replacement ("restringing") of the existing overhead line circuit conductor wires with a new higher capacity conductor including installation of a new fibre communication connection; • the retention and refurbishment, steel member replacement, painting and foundation strengthening of the one retained end mast EM1, including the replacement of hardware and fittings, replacement of vibration dampers, and replacement of insulators at EM1; • The cutting of timber / vegetation; • all associated works within the existing Lanesboro 110kV substation to accommodate the updated 110kV OHL including uprating of the Slab Bawn bay in Lanesboro 110kV substation and alterations to existing hardware; and • other temporary associated and ancillary site development works required for the purpose of the uprate of the existing circuit, including construction compounds, silt traps, silt fences, stone tracks, ground protection mats, infrastructure crossing support systems and temporary watercourse crossings at Lanesborough Town and Aghamore Townland County Longford
23/60124	EirGrid plc	04/09/2023	Application Finalised	Conditional	17/10/2023	177	Permission for the proposed development will comprise: • the replacement ("restringing") of the existing overhead line circuit conductor wires with a new higher capacity conductor including installation of a new fibre communication connection; • the replacement of 52no. existing poles and 4no. towers - any replacement structures will be constructed at, or immediately adjacent to the existing structures they will replace, will be along the same alignment as existing; • the replacement of angle mast AM3A with a poleast; • the retention and refurbishment, steel member replacement, painting and foundation strengthening of the one retained end mast EM1; • the replacement of hardware and fittings at all structure locations; • the replacement of 51 stay arms and 27no. locations; • the replacement of crossarms at 27no. locations; • the installation of insulators at 13no. locations; • the replacement of vibration dampers at 12no. locations; • the reinstallation of all anti-climbing guards; • the reinstallation of aircraft warning spheres at span 127-128; • all associated works within the existing Lanesboro 110 kV substation to accommodate the updated 110 kV OHL including uprating of the Mullingar bay in Lanesboro 110 kV substation, routing of fibre optic cable from end mast into substation and alterations to existing hardware; • all associated temporary site development works to gain access to the existing structures including clearance of vegetation, disassembly and reassembly of gate posts / piles and removal and reinstallation of existing fencing and existing fences and ancillary site development works required for the purpose of the uprate of the existing circuit, including construction compounds, silt traps, silt fences, stone tracks, ground protection mats, infrastructure crossing support systems and temporary watercourse crossings at Lanesborough, Aghamore, Knock, Gortearney, Tullylane, Leary, Magheraveen, Cloonferge, Derryhannoge, Derraham More, Derraham Beg, Derrard, Derrylogh, Derryweagh, Foyh, Cornacarta, Tirlickeen, Lisnacumurry, Lisdon, Moygh, Drinan Knappage, Barry, Agharagham, Lisibob, Kilcurry, Corrabola, Taghishny Co. Longford
23/103	Tom Crosby	13/09/2023	Withdrawn		13/09/2024	177	Permission for 1. demolition of 2no. existing out-buildings (total area 40m2); 2. construction of 28no. residential units consisting of: 4no. 1 bed apartment unit; 8no. 2 bed apartment units; 6no. 3 bed apartment units; 1no. 1 bed dwelling house; 8no. semi-detached 3 bed dwelling houses; 1no. detached 4 bed dwelling house; 3. provision of bins storage structure (circa 21m2); 4. provision of estate maintenance storage structure (circa. 10m2); 5. provision of sewerage treatment holding tanks with associated pumping station, 6. provision of storm drainage attenuation tanks; 7. provision of public open space, 8. all associated landscaping and ancillary development site works at this site adjacent to Cois Abhann Clondra Co. Longford
23/60138	Patrick Kellegher	20/09/2023	Withdrawn		08/11/2023	177	Permission for proposed construction of a bungalow type dwelling house, detached garage, entrance, boundary fence/wall, onsite suitable treatment system with polishing filter and all ancillary site works at Cloonrath Bawn Co. Longford
24/60088	Ray Walshie	07/05/2024	Incompleted Application		07/05/2024	172	Permission for a storage shed and associated site works at Barley Harbour Newtownacmal Co. Longford N39 X289
24/60100	Lidl Ireland GmbH	16/05/2024	Application Finalised	Conditional	04/12/2024	177	Permission for development for a Discount Foodstore Supermarket with ancillary off-licence sale. The proposed development comprises: 1) The demolition of existing single storey former school building and site clearance; 2) Construction of new footprint to [West side] of existing Church View access road and associated and ancillary road realignment; 3) Construction of new access road from Church View access road, providing vehicular and pedestrian access to the proposed development (and facilitating the future development of adjoining lands); 4) The construction of a single storey Discount Foodstore (with ancillary off-licence use) with mono-pitch roof measuring 2,291 sqm gross floor space with a net retail sales area of 5,489 sqm; and, 5) Provision of car and cycle parking, boundary treatments, free standing and building mounted signage, covered trolley bay, refrigeration and air conditioning plant and equipment, hard and soft landscaping, public lighting, electric vehicle charging infrastructure, roof mounted solar panels, F&B substation, drainage, utility and services infrastructure and connections, and all other associated and ancillary development and works above and below ground level at Main Street / Church View Backlands Ballymahon, Co. Longford (including former of farmer St. Matthews National School, Nally Tyres / Circle / and adjoining lands)
24/60116	Ray Walshie	11/06/2024	Application Finalised	Conditional	24/07/2024	177	Permission for to construct storage shed and associated works. The application includes a Nature Impact Statement at Barley Harbour Newtownacmal Co. Longford N39 X289
24/60132	Bord na Mona Energy Limited	01/07/2024	Application Finalised	Conditional	26/11/2024	177	Permission for the development proposed the following: The delivery of a network of walking and cycling trails on Bord na Mona lands. This will include the repurposing of 5.2km on existing former rail bed, 3.1km along existing bog headlands / former high fields and 185m along pre-existing machine access routes. The construction of car and / or bicycle parking facilities at a number of gateway locations along the proposed route. This will include 1 no. type 02 gateway, 2 no. type 03 gateway, 1 no. type 04 gateway, 3 no. rest points. The provision of 1 no. proposed Type 03 Gateway (LD-03-03) is located at the previously permitted Knappage Bog amenity Trail as permitted under Longford County Council Part 8, No. 79. The provision of 1 no. Type 04 Gateway (LD-04-04) is located at the road junction of the development of a pavilion structure, ramp and stairs structure to access the car parking facility. The provision of a pavilion and totem feature at Gateways (LD-03-03 & LD03-06) and the provision of a Thematic Experience comprising a framed structure extending to 8.0 meters with a visitor periscope to view the surrounding landscape, along the northern section of the route within the Cloonmore townland. The provision a Type 04 Gateway (LD-04-04), with the provision of handrails at the existing bridge and the provision of a new fence line along the centre line of the bridge with key holder gated access for maintenance vehicles located in the townland Begnagh. Improvement works to 8 no. existing agricultural crossings. The provision of signage LD-02

24/60304	Electricity Supply Board (ESB)	16/12/2024	Incompleted Application		18/12/2024	177	Permission for will consist of a battery energy storage system (BESS) located within a fenced compound and will (subject to detailed design, commercial and technical considerations) comprise of: Up to 896 no. battery energy storage enclosures, organised in approx. 36 no. bays. Each battery enclosure will incorporate battery packs as well as power electronics, battery management systems, cooling units and fire suppression systems. The battery bays will be c. 5m wide x 3m high and vary in length from 33.7m to 36.3m; 10 no. Medium Voltage (MV) Skids (c. 6m x 10.2m x 2.5m); 3) Control Building (c. 378.9 sq.m); Ancillary plants and equipment comprising of: an emergency diesel generator (c. 28.7 sq.m); two spare parts containers (c. 29.7 sq.m); a fire fighting water tank and pump house (c. 15 sq.m); an underground oil separator and repurposing of existing settlement basin to provide storm water attenuation; an underground emergency retention basin; transformer compound including a bundled main step-up transformer (c. 130 sq.m) and firewalls, and High Voltage (HV) switchgear, linking with an underground cable; and 4 no. auxiliary 5 transformers (c. 4m x 4m x 3m); Operation and Maintenance site office including welfare facilities (c. 25.5 sq.m); All services connections including electrical, water and wastewater and connections to existing surface water drains; 1 no. lightning monopole (c. 18m high); Modifications to the permitted HV customer compound currently under construction (under Planning Application Reg. Ref. No. 22/275) to include the upgrade of the 110kV/33kV transformer with associated equipment including Circuit Breaker (CB), modifications to the transformer bund and control building; and All other ancillary site clearance and development works including provision of biodiversity enhancement area; areas of hardstanding; internal access roads; lighting and CCTV; laydown areas; fencing and access gates (c. 4m in height); car parking, and connections to site services networks. Note for Information Purposes: This application relates to elements previously consented by Longford County Council under Planning Application Reg. Ref. No. 22/275. It is expected that the already consented demolition of existing structures on site will occur in advance of the commencement of the construction of this proposed development. The demolition works, therefore, do not form part of this application. Planning Permission is being sought for a duration of 10 years. LRP Station is licensed by the Environmental Protection Agency under an industrial emissions (IE) licence (Ref. P0610-03). A Natura Impact Statement (NIS) is submitted with the application at a c. 4.63 ha site within the former Lough Ree Power (LRP) Station in the townlands of Aghamore and Lanesborough Lanesborough (Lanesboro), Co. Longford N37E180
24/60315	Electricity Supply Board (ESB)	19/12/2024	Application Finalised	Conditional	07/07/2025	177	Permission for will consist of a battery energy storage system (BESS) located within a fenced compound and will (subject to detailed design, commercial and technical considerations) comprise of: 1) Up to 896 no. battery energy storage enclosures, organised in approx. 36 no. bays. Each battery enclosure will incorporate battery packs as well as power electronics, battery management systems, cooling units and fire suppression systems. The battery bays will be c. 5m wide x 3m high and vary in length from 33.7m to 36.3m; 2) 10 no. Medium Voltage (MV) Skids (c. 6m x 10.2m x 2.5m); 3) Control Building (c. 378.9 sq.m); 4) Ancillary plant and equipment comprising of: a. an emergency diesel generator (c. 28.7 sq.m); b. two spare parts containers (c. 29.7 sq.m); c. a fire fighting water tank and pump house (c. 15 sq.m); d. an underground oil separator and repurposing of existing settlement basin to provide storm water attenuation; an underground emergency retention basin; e. transformer compound including a bundled main step-up transformer (c. 130 sq.m) and firewalls, and High Voltage (HV) switchgear, linking with an underground cable; and f. 4 no. auxiliary transformers (c. 4m x 4m x 3m); 5) Operation and Maintenance site office including welfare facilities (c. 25.5 sq.m); 6) All services connections including electrical, water and wastewater and connections to existing surface water drains; 7) 1 no. lightning monopole (c. 18m high); 8) Modifications to the permitted HV customer compound currently under construction (under Planning Application Reg. Ref. No. 22/275) to include the upgrade of the 110kV/33kV transformer with associated equipment including Circuit Breaker (CB), modifications to the transformer bund and control building; and 9) All other ancillary site clearance and development works including provision of biodiversity enhancement area; areas of hardstanding; internal access roads; lighting and CCTV; laydown area; fencing and access gates (c. 4m in height); car parking, and connections to site services networks. Note for Information Purposes: This application relates to elements previously consented by Longford County Council under Planning Application Reg. Ref. No. 22/275. It is expected that the already consented demolition of existing structures on site will occur in advance of the commencement of the construction of this proposed development. The demolition works, therefore, do not form part of this application. Planning Permission is being sought for a duration of 10 years. LRP Station is licensed by the Environmental Protection Agency under an industrial emissions (IE) licence (Ref. P0610-03). A Natura Impact Statement (NIS) is submitted with the application at a c. 4.63 ha site within the former Lough Ree Power (LRP) Station, in the townlands of Aghamore and Lanesborough, Lanesborough (Lanesboro), Co. Longford, N39 E180
24/60325	Foigha Solar Farm Limited	20/12/2024	Appealed		17/10/2025	177	Permission for a 10 Year Planning Permission for a solar farm and energy storage compound with a total area of circa 130 hectares. The proposed development will consist of a solar farm comprising of c. 661,500 sq.m of solar photovoltaic panels on ground mounted frames, associated string inverters mounted to rear of panels and 42 no. single storey electrical transformer stations. The proposed development includes an energy storage compound consisting of 38 no. containerised energy storage modules and associated plant and equipment, 10 no. transformers, 2 no. auxiliary transformers, 1 no. medium voltage control / switching substation and 1 no. spare parts container. The proposed development will also include underground electrical ducting and cabling within the development site and within the L1139, L1137, L1135, R392 and L1132 public roads, and crossing of the Royal Canal (either by open trench or horizontal directional drill), temporary construction compounds, security fencing, CCTV, access tracks (including clear span bridge over Donnelly River), landscaping, drainage and all ancillary development works and apparatus necessary to facilitate the proposed development. Construction and operational access will be via 5 no. existing entrances from the L1139, L1137, L1135 and L1132 which will be upgraded and 2 no. new entrances from the L1135. The operational lifespan of the solar farm will be 40 years and planning permission is requested for this duration. A Natura Impact Statement (NIS) has been prepared and will be submitted to the Planning Authority with the application at Connacra, Doonacurry, Foygh, Kilcomock Glebe, Ledwithstown and Trillicken (townlands) Keenagh and Ballymahon County Longford
25/60016	Michael McKean	30/01/2025	Application Finalised	Conditional	13/03/2025	177	Permission for the following: (a) the construction of an extension to an existing storage shed together with loading bay (b) revised site boundary (c) along with connections to all site services and all other associated site works. A Natura Impact Statement (NIS) has been prepared for the development and will be submitted with this application at Fihoges Td Brienstown Co. Longford
25/60063	Philip Gerard Flynn & Niall Flynn	17/04/2025	Application Finalised	Conditional	02/09/2025	177	Permission for proposed construction of a four bay double slatted shed with underground effluent storage tank and all ancillary works at Tonmore North Abbeylara Co. Longford
25/60086	Uisce Eireann	09/05/2025	Application Finalised	Conditional	28/10/2025	177	Permission for 10-year planning permission for proposed upgrade works and extension to the Ballymahon Wastewater Treatment Plant (WwTP) and local wastewater network. The proposed development comprises: (1) the refurbishment of existing final settlement tank, storm water tank, Return-Activated Sludge (RAS) and Waste-Activated Sludge (WAS) pumping station and 2 no. existing aeration tanks within the existing WwTP site; (2) an extension to the WwTP to include new inlet works with 4x7 / standby combined screens and grit plant, odour control system, high-level emergency overflow chamber, Flow to Full Treatment (FTT) storm pumping station, stormwater storage tank, biological process units including 1 no. selector tank, 2 no. aerobic tanks, and 2 no. aeration tanks; 3 no. final settlement tanks with flow split chamber; (3) a new section of gravity sewer from the network pumping station serving Auburn Village residential estate to the new inlet works; (4) a new RAS / WAS pumping station with sludge holding capacity; sludge drying reedbeds (8 no. cells), return liquors pumping station, washwater pumping station, new chemical dosing plant, treated effluent outfall headwall to River inny; (5) alterations to the existing entrance and a new internal road connecting the existing internal access road to the extension area; (6) surface water drainage interceptor, manholes and surface water attenuation tank; (7) ESB sub-station building, permanent generator and fuel tank, solar panels on block mounted frames; (8) decommissioning of picket fence thicker and associated dewatering equipment, ferric dosing tank, final effluent outfall chamber, complete with automatic sampler, and a redundant section of existing sewer network in the Auburn Village residential estate (all to remain in situ post decommissioning); (9) the decommissioning / removal of the existing inlet works and grit removal chamber; (10) decommissioning / demolition of pumping station in the Auburn Village residential estate; (11) site lighting and road lighting; boundary fencing and treatments including landscaping; (12) below ground interconnecting pipework; (13) and all ancillary site development and site excavation works above and below ground for the above referenced development. A Natura Impact Statement (NIS) has been prepared and will be submitted to the Planning Authority with the application at Ballymahon Co. Longford
25/60215	BNRG Ballymahon Limited	26/09/2025	Incompleted Application		20/10/2025	177	Permission for a 10 year planning permission with an operational lifespan of 40 years. The planning application is covered by the Renewable Energy Directive III (Directive 2023/2413). The development consists of: A solar farm and energy storage compound with a total area of circa 111.1 hectares. The proposed solar farm development spans a total site area measuring 94.18ha. The export capacity to the grid is estimated to be up to 80 MW. The proposed development will consist of a solar farm comprising of: • The installation of approximately 700,000 sqm of solar PV panel arrays, to include approximately 355,000 sqm of ground mounted panels supported by steel frame structures and the remaining area as solar array row spacing. • Installation of approximately 18 MV stations. • An energy storage compound consisting of 56 no. containerised energy storage modules and associated plant and equipment. • Installation of underground cabling and ducting, comprising approximately 1.8 km along the R397 and L5527 public roads. • Provision of temporary site compounds, welfare facilities, and secure materials storage areas. • Construction of internal access tracks throughout the site. • Erection of approximately 550m of security fencing around the BESS compound and pole-mounted CCTV cameras for site monitoring. • Construction and operational access via two existing entrances on the R397 and L5527 roads. • Landscaping and biodiversity enhancement measures. The proposed development will also include drainage and all ancillary development works and apparatus necessary to facilitate the proposed development. A Natura Impact Statement (NIS) has been prepared and will be submitted to the Planning Authority with the application at in the townlands of Cartonbrack, Trillicken, Clogh, Corryena and Lisnacumrogh County Longford
25/60237	AMC Developments Ltd	16/10/2025	Incompleted Application		21/10/2025	172	Permission for the demolition of on-site derelict structures, together with the construction of a residential development of 54 no. dwelling houses, comprising 10 no. one-bedroom, single-storey semi-detached houses, 2 no. two-bedroom single-storey detached houses, 4 no. three-bedroom 2-storey semi-detached houses, 20 no. two-bedroom 2-storey terraced houses in 4 no. blocks: 1 block of 4 units, 2 blocks of 5 units, 1 block of 6 units, and 18 no. 3-bedroom 2-storey terraced houses in 6 no. blocks of 3 units in each block, together with all ancillary site and services works, with vehicular access from Connaught Road and proposed new road from Connaught Road to Little Water Street as granted under PL17/L48 and subsequent extension of duration PL21/L92 at Connaught Road Longford Co. Longford
25/60168	Kendrick Properties Ltd.	06/08/2025	Application Finalised	Conditional	27/04/2026	177	Permission for the construction of: (1) a 1,241.25m², three storey community health facility (comprising consultation spaces, meeting rooms, offices and support spaces); (2) 47 no. parking spaces including 30 no. standard car parking bays, 5 no. disabled parking bays, 5 no. electric vehicle charging bays, as well as associated internal circulation roadway, and drop-off bay; (3) a portion of a new vehicular access link road from Connaught Road northward towards Little Water Street, extending as far as the proposed new site entrance; (4) All associated site development works to serve the proposal including site lighting, hard and soft landscaping, and all associated signage. The significant further information relates to Road Design and Environmental matters, including revisions to the proposed link road and internal car parking layout; a revision to the development site boundary to allow for kerbing construction on the western side of the proposed link road junction and for footpaths lying into existing footpaths to the west; the inclusion of an external bin store; revisions to the proposed building position with an increased setback from Connaught Road; a Stage 1 Road Safety Audit; details of proposed public lighting; proposals and details for the relocation of existing ESB services; an Outline Construction and Environmental Management Plan (CEMP); a Preliminary Contamination Risk Assessment; and Stage 1 Screening for Appropriate Assessment accompanied by a Natura Impact Statement (NIS) at Lands at the former Longford Creamery Site Connaught Road Longford Co. Longford
25/60265	BNRG Ballymahon Limited	14/11/2025	Appealed	Conditional	13/05/2026	177	Permission for a RED III Application for a 10 year planning permission with an operational lifespan of 40 years. The development applied for consisted of a solar farm and energy storage compound with a total area of circa 111.1 ha. The proposed solar farm development spans a total site area measuring circa 94.18ha. The export capacity to the grid is estimated to be up to 80 MW. The development will consist of a solar farm comprising of: - Installation of approximately 700,000 sqm solar PV panel arrays, to include approximately 355,000 sqm of ground mounted panels supported by steel frame structures, and the remaining area as solar array row spacing. - Installation of approximately 18 MV stations. - An energy storage compound consisting of 56 no. containerised energy storage modules and associated plant and equipment. - Installation of underground cabling and ducting, comprising approximately 1.8 km along the R397 and L5527 public roads. - Provision of temporary site compounds, welfare facilities, and secure materials storage areas. - Construction of circa 3,800m internal access tracks throughout the site. - Erection of approximately 550 m of security fencing around the BESS compound and pole-mounted CCTV cameras for site monitoring. - Construction and operational access via two existing entrances on the R397 and L5527 roads. - Landscaping and biodiversity enhancement measures. The proposed development will also include drainage and all ancillary development works and apparatus necessary to facilitate the proposed development. A Natura Impact Statement (NIS) has been submitted to the Planning Authority with the application. The application may also be viewed/downloaded on the following website: https://www.bnrqballymahon.com/ at Trillicken Td., Cartonbrack Td., Clogh Td., Corryena Td., Lisnacumrogh Td. County Longford
25/60314	Sean Healy	19/12/2025	Application Finalised	Conditional	19/06/2026	177	Permission for to construct a new bungalow type dwelling house, domestic garage, upgrade of existing agricultural entrance to a new vehicular entrance, installation of a proprietary wastewater treatment system and raised soil polishing filter and all associated ancillary site services. The significant further information includes the submission of a Natura Impact Statement (N.I.S.) at Portanure Newtowncashel Co. Longford
25/60320	AMC Developments Ltd	23/12/2025	Incompleted Application		05/01/2026	177	Permission for the demolition of on-site derelict structures, together with the construction of a residential development of 54 no. dwelling houses, comprising 10 no. one-bedroom, single-storey semi-detached houses, 2 no. two-bedroom single-storey detached houses, 4 no. three-bedroom 2-storey semi-detached houses, 20 no. two-bedroom 2-storey terraced houses in 4 no. blocks: 1 block of 4 units, 2 blocks of 5 units, 1 block of 6 units, and 18 no. 3-bedroom 2-storey terraced houses in 6 no. blocks of 3 units in each block, together with all ancillary site and services works, with vehicular access from Connaught Road and proposed new road from Connaught Road to Little Water Street as granted under PL17/L48 and subsequent extension of duration PL21/L92 at Connaught Road Longford Co. Longford
26/60023	AMC Developments Ltd.	26/01/2026	Further Information			177	Permission for the demolition of on-site derelict structures, together with the construction of a residential development of 54 no. dwelling houses, comprising 10 no. one-bedroom, single-storey semi-detached houses, 2 no. two-bedroom single-storey detached houses, 4 no. three-bedroom 2-storey semi-detached houses, 20 no. two-bedroom 2-storey terraced houses in 4 no. blocks: 1 block of 4 units, 2 blocks of 5 units, 1 block of 6 units, and 18 no. 3-bedroom 2-storey terraced houses in 6 no. blocks of 3 units in each block, together with all ancillary site and services works, with vehicular access from Connaught Road and proposed new road from Connaught Road to Little Water Street as granted under PL17/L48 and subsequent extension of duration PL21/L92. A Natura Impact Statement (NIS) will be submitted to the planning authority with the application at Former Longford Creamery Site and adjoining Residential Site Connaught Road, Longford Co. Longford
26/60133	Roadstone Limited	23/04/2026	Incompleted Application		28/04/2026	172	Permission for the development will consist of the extension of Moyne Quarry into adjoining agricultural lands located south of the existing quarry footprint. The extension and associated works will cover an area of 6.2 hectares (ha) and seek to extract rock from a series of benches, each 15metre (m) high, to a level of 100metres above ordnance datum ("mOD"), consistent with the existing permitted levels at Moyne Quarry. The Proposed Development will involve the stripping of overburden from the agricultural lands, the construction of a 3m high berm along the western, southern and eastern sides of the agricultural lands, installation of security fencing and other safety features, planting of trees, and a continuation of existing quarry related activities which includes the production of aggregates for use in the construction product market through drilling, blasting, crushing, screening and stockpiling of rock. The Proposed Development will include the installation of stone-faced water walls for water abstraction, and subsequent use in dust control. The Proposed Development will be subject to a restoration plan, which aligns with the existing permitted restoration plan for Moyne Quarry under Planning Reference 06837, and includes a central lake, native woodland and planting of the berm, with quarry faces retained to provide suitable nesting habitat. Planning permission is being sought for 25 years for the proposed development. The application is accompanied by an Environmental Impact Assessment Report ("EIA") at Legghay Moyne Co. Longford N39 H526

26/60141	Roadstone Ltd	28/04/2026	Further information			172	Permission for the proposed development will consist of the extension of Moyne quarry into adjoining agricultural lands located south of the existing quarry footprint. The extension and associated works will cover an area of 6.27hectares (ha) and seek to extract rock from a series of benches, each 15metre (m) high, to a level of 100 metres above ordnance datum (mOD), consistent with the existing permitted levels at Moyne Quarry. The proposed development will involve the stripping of overburden from the agricultural lands, the construction of a 3m high berm along the western, southern and eastern sides of the agricultural lands, installation of security fencing and other safety features, planting of trees, and a continuation of existing quarry related activities which includes the production of aggregates for use in the construction product market through drilling, blasting, crushing, screening of rock. The proposed development will include the installation of three groundwater wells for water abstraction, and subsequent use in dust control. The proposed development will be subject to a restoration plan, which aligns with the existing permitted restoration plan for Moyne quarry under Planning Reference 06837, and includes a central lake, native woodland and planting of the berm, with quarry faces retained to provide suitable nesting habitat. Planning permission is being sought for 25 years for the proposed development. The application is accompanied by an Environmental Impact Assessment Report (EiAR) at within the townland of Leggagh Moyne Co Longford N39H526
