

Re/ [redacted] Battery Road, Longford.

Longford County Council Residential Zoned Land Tax

3/1/22

Dear Sirs/Madam,

We refer to the above and the Brown Site Development Plan which has been brought to our attention over the Christmas vacation period. We note from Longford County Council web site that the above land tax has been activated by the Council and we did not receive any Notice and did not see any Notice on the papers.

The property at reference LDLA202203781 AND LDLA202203766 is our family home and we pay LPT property tax on the property based on a valuation for the entire property. The site to the rear is our garden and we have out houses and storage sheds and a dogs run located there. We have planted oaks trees and we have an orchard on this part of the property.

Both LDLA202203781 AND LDLA202203766 comprise our entire garden and they form part of a continuous stretch of garden which we have always maintained as a single garden for cultivation/orchard and storage and other general uses as part of the running of our family home  
Please note the position regarding our property

LONGFORD COUNTY COUNCIL,  
RESIDENTIAL ZONED LAND TAX SECTION,  
ARAS AN CHONTAE,  
GREAT WATER ST.,  
LONGFORD.

BY HAND AND EMAIL.
