“Help us plan!”

Water Information Days

We would like to invite you to the Water Information Days that will be held in the North Western and Neagh Bann International River Basin District in April and May 2009.

The Draft River Basin Management Plans for the North Western and Neagh Bann International River Basin Districts were published on the 22nd December 2008. The plans set out how we plan to manage our rivers, lakes, groundwaters and coastal water to ensure their protection. We'd like to hear your views on what we've proposed for the waters of the North Western and Neagh Bann Districts before the plans are finalised in December 2009.

So drop in and “Help us Plan” for the future of all our waters!
